

# Designing New Heterogeneous Catalysts

Faraday Discussion

4-6 April 2016  
London, UK

<http://rsc.li/catalysis-fd2016>

## Themes

---

**Catalyst design from theory to practice**

**Designing new catalysts: synthesis of new active structures**

**Bridging model and real catalysts**

**Application of novel catalysts**

## Speakers

---

James Anderson

Charles T Campbell

Avelino Corma

Hans-Joachim Freund

Cynthia Friend

Bruce Gates

Nora de Leeuw

Joachim Sauer

Bert Weckhuysen

University of Aberdeen

University of Washington

Instituto de Tecnología Química

Fritz-Haber-Institut der  
Max-Planck-Gesellschaft

Harvard University

University of California, Davis

University College London

Humboldt-Universität zu Berlin

Utrecht University

## Key deadlines

---

Oral abstract submission

20 July 2015

Poster abstract submission

25 January 2016

Bursary applications

15 February 2016

Early bird registration

15 February 2016

Final registration

7 March 2016

031507

Registered charity number 207890
